"I was a chrouic sufferer from dyspendia, and had all the other silments that go with it. I had such nains in my stomach at times that I couldn't straighten up, and I bloated with gas until I was so-miserable I could hardly stand it. My stomach was so sour and upset that everything disagreed with me, I had no appetite, and was very thin and weak. I had frequent dizzy spells, was so nervous and restiess I could scarcely sieep, and would wake up all during the night in path and distress.

"When I started taking Tanlac I was a worse condition than I had ever been, but this medicine soon had me improving in every way. I have taken four bottless so far, and it has done me a world of spool. DEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticise such abuse of tires. A mark of the growing consciousness about tirestheir service, their work, their value.

This same respect for a good tire is the reason why the foursquare tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"-and come out squarely with the standard quality service of U.S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer-not the bargain hunter. . . .

To the man who has not yet learned the standard tire service he is entitled to we say-
